

CSIAMUN XIX

February 10 - 12, 2027

CONFERENCE PROSPECTUS

Designed by Yuria Kim (G11), Head of Design

Dear Delegates and Advisors,

It is my distinguished honor to invite students from your institution to CSIAMUN XIX, designed for delegates in grades 7 through 12.

CSIAMUN offers an exceptional platform for young leaders to refine their diplomatic skills, engage in high-level debates, and deepen their understanding of international affairs.

The conference will take place in February 2027 in Gapyeong, South Korea. Online registration opens on September 7th at csiamun.org, where you will find comprehensive details on committee topics, fees, and accommodation.

We would be honored to welcome your delegation this coming February. Please feel free to contact us if you have any questions or require further assistance.

Sincerely,

Jiwon (Michael) Choi

CSIAMUN XIX Secretary-General

About CSIAMUN

CheongShim International Academy Model United Nations is a prestigious MUN conference organized by students of CheongShim International Academy since 2007. With a legacy of positive influence, innovation, and inclusivity, we welcome 200–300 students each year for an immersive 3-day conference in Gapyeong, South Korea.

This year, CSIAMUN XIX aims to expand its opportunities to students from around the world under the theme “Architects of the Future”. To encourage greater international participation, we will provide financial aid for the conference fee to a limited number of applicants, fostering a more diverse exchange of ideas and perspectives.

With eight committees covering a wide range of interests and experience levels, CSIAMUN XIX offers an engaging environment for all delegates to participate in meaningful and stimulating debate.

Join us this winter for an unparalleled experience combining academic discourse, cultural exchange, and global dialogue.

Minsung Kim, Crisis
CheongShim Int'l Academy

"CSIAMUN was an experience that allowed me to explore international politics and diplomacy in a way that was different from a traditional MUN. As a delegate in the Crisis Committee, I had to do more than simply present ideas based on what I had prepared in advance. I had to respond immediately to unexpected developments, continuously negotiate with other delegates, and adapt my strategies as the situation evolved. My experience in the CSIAMUN taught me the importance of staying calm, making thoughtful decisions, and actively creating solutions even in unpredictable situations."

"I came to CSIAMUN after a 12 hour flight from Australia a little nervous and filled with anticipation about the days ahead. Contrastingly to my previous misconceptions, the conference was an inspiring and enriching experience that challenged me to think outside the box, collaborate with diverse individuals, and engage in meaningful debate. I had the opportunity to extend my skills over the trip, from public speaking to reasoning and negotiation. Beyond the committee rooms, the experience brought me long lasting friends and memories I'll cherish forever. For anyone considering a conference, I'd highly recommend CSIAMUN as an opportunity to expand your knowledge and step out of your comfort zone!"
